MINDEN YOUTH BREAKS NECK DIVING

Robbie Young

in serious
condition

Eighteen year-old Robbie Young of Minden is in Toronto General Hospital with a fractured neck after he dove head first into 2-1/2 to 3 feet of water Sunday afternoon on Gull Lake. His condition is described as serious.

ROBBIE YOUNG

The son of Bob and Mari Young of Minden, Robbie was visiting the cottage of John Pentney of Minden at Rackety Ranch on the west side of Gull Lake when he plunged into the water.

According to John Pentney, Jr., Robbie was part of a group of ten or twelve youths at the cottage at the time. Arriving just after lunch, some went water skiing, then all combined to move a dock. At this point they decided to take a swim.

'He must have forgotten about the depth', John recalled, 'because even though he knew how deep the water was he went straight up and then straight down'.

As he floated to the surface Tim Collis jumped in the water and pulled him out onto the dock with the assistance of Dwight Thomas and Warren Payne.

'We thought Robbie had a pinched nerve', said John, 'as he didn't seem to have any feeling in his arms or legs'.

At this point Chuck Hewson went across the lake by boat to call an ambulance while the others kept him wrapped in blankets on the dock. Other members of the group included Scott Harvey, Greg Ludlow and Paul Fitzgerald.

FIRST AID GRADS

Twenty-one residents of the Minden area have successfully completed the St. John Ambulance Standard First Aid course. The course consisted of 16 hours instruction in theory and practical application under Lloyd Johnson assisted by Mike Legge. The examination was conducted by Harry L. Hammond, Regional Manager for the Central Ontario area of St. John Ambulance. Sponsored by the Townships of Anson, Hinton and Minden primarily for the benefit of members of the Minden Fire Department, the course was also open to the general public. Seen above are course graduates Reeve Reg Booth and Clerk-Treasurer Richard Parisotto of Anson, Hinton and Minden, Minden Fire Chief Eldon Deacon, Alan Arbuthnot, Ron Arbuthnot, Lloyd Baker, Don Booth, Elaine Blakey, Dean Elliott, Bryce Gilbert, George Hewitt, Lorna Hicks, Angie McCloskey, Spike Moxam, Fred Pratt, Mark Walker and Diane Pratt, who achieved a perfect mark on her written paper. Others who successfully completed the course include Anson, Hinton and Minden By-Law Enforcement Officer, Dick Schell, Larry Kent, Dave Magee and Goldie Walker.

C of C 1974-75 board

The second attempt this Spring of the Haliburton Highlands Chamber of Commerce to hold its annual meeting and election of directors proved successful Monday night when some 40 members were on hand to provide the necessary quorum.

The meeting unanimously elected the following to the Chamber's Board of Directors for 1974-75:

Grenville Martin-Harcourt
George Hardy-Minden
Don Nye-Minden
Art Ward-Haliburton
Ron Barr-Gooderham
Lou Hodgson-Haliburton
Bruce Henry-Haliburton
Fred Peterson-Paudash Lake
Bob Morrow-Haliburton
Bob Bishop Sr.-Eagle Lake
Bill Foote-Minden
Gerald Berry-Haliburton

Collision \$3,200 Damages

Police say charges under the Highway Traffic Act are pending against Michael Popert, 18 years of Kinmount after his car was involved in a collision at the corners of Victoria and Pine Streets in Haliburton last Friday afternoon. Popert's car received some \$1,200 in damage while the other car, driven by 60 year old Altha M. Burke of Haliburton received an estimated \$2,000 in damage. A passenger in the Burke car, 71 year old Ralph K. Daniels

of Haliburton was treated at the medical centre in Haliburton for cuts and bruises. Four other minor accidents over the weekend resulted in one charge being laid. Mr. K.C. Somerville, 33 years of RR 1, Haliburton was charged with impaired driving after his car left Highway 519 and hit a hedge. Somerville was released from the Haliburton Red Cross Hospital after treatment for minor cuts.

Bd. of Ed Berated by angry county councillors

The Haliburton County Board of Education was described as 'a sickening cancer' and 'a slipshod, multi-million dollar, business' by angry Haliburton County Council members Bob Fotheringham and Sinc Nesbitt Monday night.

Mr. Fotheringham is Reeve of Glamorgan Township, Mr. Nesbitt of Stanhope Township.

Council then unanimously approved a motion calling on the Minister of Education to propose a bill in the Ontario Legislature requiring Ontario boards of education to raise their own budgetary funds through separate taxation.

'The Administration of the County Board of Education doesn't care a damn about the taxpayer', charged Stanhope Reeve Sinc Nesbitt. 'The County is told, in effect to mind its own business'.

said Mr. Nesbitt who explained that even though council had no say whatever in the Board's budget, it was nevertheless required to raise the monies demanded.

'They make it quite known to us that because they are elected they are not responsible to county councillors at all', added Reeve Art Lock of Sherborne et al.

A number of council members indicated they felt the motion was an exercise in futility. Reeve Reg Booth of Anson, Hinton and Minden termed the motion nothing more than a protest, while Bicroft District Chairman Jerry Howarth indicated it would have little effect. 'our former school board representative has advised me that there are three men who run the Board and everything is decided by them before they get to the meetings!!'

Lutterworth Council meets

The regular meeting of the Council of the Township of Lutterworth was held on Tuesday, May 14, 1974, at 7.30 p.m., all members being present, and Reeve Rob-

HERE and THERE with NORM MAIDENS

I had a feeling when I wrote that article on the 'flags' a couple of weeks ago I'd put my foot in it somewhere--I wasn't wrong. Shortly after the paper came out I got a 'phone call from Doug Campbell and, when he got finished explaining flags to me and gave me a short and quick course in 'flag recognition' I realized that I didn't know my flag from my mast--it seems the flag Doug is flying is NOT the British Ensign but the Provincial Flag.

At least, as Doug told me, I was right in one sense of the word it was a flag--right or wrong, I can't think of any better flag to be under. At least I had that much goin' for me, I'd better quit while I'm still ahead of the game, or am I?

Got a letter from our good friend Earl T. Monahan of Rochester, N.Y. Earl will be here from June 22 to July 6 at his usual spot--Hospitality Inn.

This is Earl's 25th season here in the Highlands and that's something to brag about. Earl has been a good booster for us--in fact I've never met anyone who has given of his time and ability to boosting our Country to the extent that he has--with little or no return from us. We have gotten a lot of 'mileage' out of Earl and I don't see how we can repay him for the advertising he has given our County in American Publications--this type of advertising you just can't buy.

Anyhow, Earl will be with us shortly and will be renewing his many friendships.

The Rotary Club of Minden is sponsoring a Blues and Jazz Fest here on August 9 at the Community Centre. The main interest I have is that the 'very special guest' is Miss Jodie Drake, Vocalist, whom we feel honored to call a friend. Almost 6 feet of ebony beauty, Jodie has a magnificent voice to go with the package. Seeing her and hearing her is an experience that is worth your interest, I'll have a little more about the 'Fest' for you before it comes up. In the meantime if you want more information ask one of the following--Bill O'Brien, Bill Hutchison or Bill Young--they will be glad to fill you in on any further data.

The other night Fenwick Finch dropped in to see me--during the conversation he told me of his aspirations of running in the next election. However, before getting into this election bit Fenwick was a bit upset about the present set up.

It seems the Finen got 'hooked' on some drugs and he was pretty upset. He had gotten a bottle of capsules with Vitamin 'C' under the Brand name of Allbee--the same night, his arch enemy Chester Snaveley got the same drug, same quantity only under another name. The crux of the whole deal was that Fenwick paid four bucks more for his bottle than did Chester--and, in the same drug store. Next week I'll let you know what's bothering Fenwick and see if we can get an answer to the problem.

I understand from the Finen that he is trying to set up a 'splinter' party and open up a new riding at Howland Jct. Personally, I think he's getting in over his head but I'll run an interview with him and let you know about it next week. Bucking three big parties to get a new riding set up is--I think--a little more than even Fenwick can handle. But we'll see.

That's about it for another week--drive carefully and be around to enjoy our County--it will be here for you--if we can only contain the 'Fearless Finch' (and Regional Government) we may remain out of trouble.

Last week, in accidents, one dead, several injured and over \$8,000 in damages--surely this kind of record we can do without. So, once more, drive carefully, your life is valuable and can't be replaced--surely it is too great a loss for you and your families to stand.

Be around next week!

It seems that the Finch got 'hooked' on some drugs and he was pretty upset. He had gotten a bottle of capsules with

I understand from the Finch that he is trying to set up a 'splinter' party and open up a new riding at Howland Jct.

PASCAGOULA

9th IN A SERIES

For two Mississippian shipyard workers, Charles Hickson, forty-five years old, and Calvin Parker, nineteen, the event of October 11, 1973 inalterably changed the course of their lives forever. At 7.00 p.m. Hickson and Parker were fishing on a dock on the Pascagoula River. Behind their backs they both became aware of a strange whirling noise coming toward them, later described as 'a zipping sound that was long and drawn out.' Turning around both were dumbfounded to see a bright blue craft approach them. It came to rest forty feet away from them, hovering about a foot above the ground. The craft was described as eight feet across and eight and one-half feet high with two port-holes on each side of the cabin structure on top. From somewhere out of the ship came three humanoid creatures wearing no clothes, with a rough, wrinkled grey skin, two elephant-like eyes, horn-shaped appendages where ears should be, and only a tight slit for a mouth. They were about five feet tall with club-like feet. As their ship, they appeared blue glowing luminously. They did not walk but floated towards Hickson and Parker. At this point, two of the creatures grabbed Hickson with claw-like appendages for hands. He felt that he had been immobilized and they weightlessly floated him into the ship. While this was going on, Parker, in fright, fainted, and has very little recollection of what happened after this, but he apparently also was taken into the ship. Both men were put in different rooms and for the next twenty minutes were medically examined by a football-shaped object which protruded from the ceiling. There was no furniture in the cabin; the walls were a grey colour with instruments at various points on the walls. The only communication that Hickson can remember were low indistinguishable mutterings that went on between the crew members and at no time were they harmed, but they were physically restrained.

After the examination Hickson and Parker were glided out of the ship and deposited back on the dock and the craft took off making a low whirling noise, disappearing into the night sky.

Rushing to the local police, both men in obvious shock related their story over and over again for many hours. Finding it hard to believe this strange tale told by Hickson and Parker, the police finally resorted to putting the two men in a room alone and monitoring their conversation. Their agitated state and their conversations between each other remained unchanged and the police realized that these men were not acting and their strange story was not a hoax.

The United States Air Force Intelligence Agency extensively investigated both the reputation of the two men and the alleged encounter. Captain Glen Ryder of The Pascagoula Police Department vouched that both men were of a stable nature, which was backed up by Hickson's fellow workers in a nearby shipyard where he was employed as

a foreman. Both men were studied under hypnosis and given lie detector tests on two different occasions and their story could not be broken. Even today, there are obvious memory gaps in Hickson's recollection of this event, but his facts do not change. He does not readily talk about it and seems to suffer trauma. Due to his highly nervous agitated state, Calvin Parker had to be hospitalized shortly after the event (suffering from severe trauma) and spends most of his time in and out of hospitals.

This story seems to have more credibility than past encounters with aliens due to the fact that the present wave of sightings, that began last fall, and the Hickson-Parker incident occurred simultaneously. For this reason, their story has gained great notoriety and wide public interest and there are many reports of sightings in this part of the country before and after.

This present wave of sightings began in the south-eastern states and has spread across North American and is now worldwide. On Tuesday, October 16, Dr. Cardishev, of the Research Radio Physical Institute in Gorki, Russia, on announcing the fact that they were receiving radio signals from an unidentified source in outer space reported, 'their character, their consistent pattern, and their regular transmissions leave us in no doubt that they are of artificial origin; that is, they are not natural signals but have to be transmitted by civilized beings with sophisticated transmission equipment.' Soviet scientists added, 'So far, we have not been able to establish exactly from where the signals emanate, but we can say the source is located in our own solar system. They are definitely call signs from an extraterrestrial civilization.' These signals were picked up in four widely separated parts of Russia and whether they are connected with recent worldwide sightings is still to be answered.

Wishy-washy

Recent revelations about electric kettles and the hazardous lead content of the water boiled in some of them, seems to have accomplished little more than the creation of a general feeling of uneasiness and uncertainty among the general public.

As a result of tests, the public has been provided with published lists of kettles by make and model number designated safe and unsafe to use. Now, it has been suggested by other experts that water from these kettles may not be as dangerous as first believed.

This recalls to mind the great mercury scare of a few years ago in Lake St. Claire and Lake Erie which saw fishing banned in some instances and which dealt the tourist industries of those areas a crippling blow. It was later decided that the situation was not nearly as serious as first thought.

The whole question of whether or not our electric kettles are safe to use calls for much greater clarification than it has received to date. Then, all electric kettles designated unsafe should be recalled by their manufacturers and either repaired or replaced.

Let's not be wishy-washy about a potentially hazardous situation.

Major event

This weekend the Haliburton Highlands and in particular the Village of Minden, will be honored with a two-day visit by Archbishop Scott, Primate of the Anglican Church of Canada.

The occasion is the 110th anniversary of 'continuing Anglican ministry in this area'.

The event is all the more significant occurring mid-way through Haliburton County's Centennial year.

Let's all join together to help make this one of the major events of the year.

Your Chamber

Monday night's enthusiastic turnout for the Haliburton Highlands Chamber of Commerce annual meeting made recent rumors of a faltering Chamber of Commerce seem rather premature, to say the least.

Interest was high, discussion was heated and the meeting's ample turnout was more than enough to constitute the needed quorum.

We all, everyone of us, need our Chamber of Commerce. And it must be a viable, effective organization if it is to do the job we must have from it.

Our full support of the Chamber and its efforts on our behalf must be an on-going process.

We neglected the Chamber once this Spring; let's not fall it ever again.

LETTERS TO THE EDITOR

Minden,
May 27, 1974

Dear Editor:
I noticed two accounts recently in the paper; I'm not sure if it was the Progress or not - of big black bears being shot. In one case I think they were molesting bee hives so maybe it was necessary there, but it didn't give any reason for the other one. Why are so many people against the bears or for that matter any form of wild life? It seems there aren't many rabbits now, as you hardly ever see one, and some of our young men and others not so young can't see a squirrel without wanting to end its life. I wish we could learn to think of these animals as something to be protected or else in a few more years we may not have any.

Sincerely,

Mrs. Phil Robinson.

(Amen! - ed.)

The Editor,
The Minden Progress,
Minden, Ontario.

Dear Sir:
Through the medium of your newspaper, on behalf of the Minden Branch of the Canadian Cancer Society, I would like to thank those people who contributed so generously to this year's Cancer Campaign. The amount received was \$1,498.50. I wish to thank the volunteers, for the time that they have spent in making the canvass the success that it has been.

Sincerely,
(Mrs. Percy W.)
Ina M. Brintnell,
Campaign Chairman.

(Well done for one of the best of causes. - ed.)

The Editor,
The Minden Progress,
Minden, Ontario.

Dear Mr. Foote:
I have been away from Howland Jct. enjoying both a holiday and business trip combined (this is the only way I can get anything out of the Revenue people!) Going through the Progress when I returned I noticed that Fenwick Finch had quit writing (about time, too). I've known Fenwick for a great many years and I think he's loud, stubborn, opinionated and should have been 'farmed out' long ago--but one thing he wasn't, he wasn't gutless which is more than I can say for this Malden fellow whose taken over the column--he appears to be a namby-pamby type of pussy-willow--if you can't spruce this pussy-footing character up, get Fenwick back, I may not think he's any Hell of a writer, but, by George, he sure kept things stirred up. Think about it!
While you're thinking on

A WORM THAT'S PREPARED . . . GETS THE BIRD EVERY TIME

these things, how about some kind of editorial policy?--you must get tired clipping them from other papers.

Sincerely,

Chester Snavelly.

(Policy? We print your letters, don't we! - ed.)

The Editor,
The Minden Progress,
Minden, Ontario.

Dear Sir:
Please bring this to the attention of party involved.

Mr. or Ms. Computer:-
In assuming recently the highly technical duties of controlling water levels on the Haliburton chains of lakes, how come that with the holding of large reserves of water on this extensive drainage system you could not foresee a coll, very wet spring that would overflow some Minden village roads and surround some houses and that with levels far above recognized high water mark on waters controlled by Twelve Mile Lake dam, that gale force westerly wind of May 15 would lash and damage much valuable shoreline. 'Who put the fish in the efficiency?' Since great damage was done on the Grand River watershed about the same time, we are hearing of compensation in that region, so how about this? One wonders when the decision was made over 50 years ago to raise high water marks to present figures, was any thought given to this, or was the 66 ft. road allowance supposed to absorb any damage? Definitely it has not done so, and that allowance and much more has washed away in many places and on many other lakes as well.

To hold a dam full to capacity simply means that a sudden, heavy storm may wash it out and expose areas below to untold damage as I have seen happen elsewhere or gates must be opened wide to produce similar effects. An investigation into the Grand River flood has mentioned this, too. Had this been a dry spring like 1968 when levels never reached the high water mark all year, Trent Valley locks would not have had openings delayed as this year. Computer, I think that after Labour Day, consideration must be given to owners of valuable shoreline to allow them to repair damage and arrange further protection by allowing levels to drop even at the inconvenience of some vociferous boat owners in protected areas. Perhaps bottles and cans may be gathered up too. Over the last six years water levels above Twelve Mile dam have been above high water mark an average of three weeks and this year for six weeks.

Sincerely,

C.A. Irwin.

(How about it, Computer? - ed.)

Toronto, Ontario,
May 31, 1974.

Mr. Wm. Foote,
Minden Progress,
Minden, Ont.

Dear Sir,
I find your editorial on drugs per May 30th issue very interesting and somewhat amusing. I was present at the said dance in question and was unaware of the 'distinct smell of marijuana' and of 'teenagers and others in various states of collapse'. I am of the belief that your

information is unfounded and you unfortunately have been misled. It seems people have put their own opinions into your mind and you willingly have built a story around them. I suggest, however, that these opinions are mere fabrications born and nourished in the consciences of frightened, frustrated parents. Drugs and drug users are not to be approached with fear and anger but rather with understanding and compassion. This is the method which will help us locate and alleviate the problem. Increased police activity will solve nothing--it will only alienate the problem and the users. And let's not 'pass the buck' onto the shoulders of Bitter Green Productions. If those of us who criticize would turn our armchair complaints into constructive action then perhaps a suitable compromise might be forthcoming.

I do agree with you that Minden can do without the misuse and abuse of drugs but let's not confine drugs to just those 'nasty narcotics' which society has seemed should be stamped 'BAD' but to also include alcohol, which our society in its so-called wisdom has unerringly accepted as 'GOOD'. Think about it--does it make sense? and while you're pondering the subject--let us all try to turn yesterday's fears into today's understanding and tomorrow's accepted solutions.

Sincerely,

Jason Richards.

(With all the pot floating about the Minden area, parents should be frightened. We need action, not philosophy. - ed)

CENTENNIAL CORNER

FROM THE TOWNSHIP OF LUTTERWORTH

Namesake of a market town in Leistershire, England, situated on the River Swift, Lutterworth Township was surveyed commencing in the fall of 1858. The survey was completed in the following year with the building of the Bobcaygeon Road along the eastern boundary of this Township.

Today Lutterworth Township is a very popular tourist area. Its many lakes, among which are Davis, Spar, Clear, East Moore's, Moore's, Gull, Black, Denna, Lutterworth and Bib, Middle and Little Bob Lakes, are lined with cottages to which people throng on weekends year round. Lutterworth is proud to claim two well-known boys' camps, being Kilcoo and Onondaga, as well as University of Toronto camp for engineering training.

Township records of 1884 show that the Lutterworth Council was made up of the following members:

Reeve: David Galloway

Councillors: John Bowron, John Hulbig, David Chalmers and Francis Belfry.

Today the Council of the Township of Lutterworth is composed of:

Reeve: Robert Beeney, Jr.

Deputy Reeve: Lloyd Walker

Councillors: Ingram Wessell, Mervin Brohm and John Hulbig (grandson of the 1884 Councillor).

COMING CENTENNIAL EVENTS:

Friday, June 14th: Centennial Ball at Minden Community Centre, sponsored by the Townships of Anson, Hindon and Minden, Lutterworth, Snowdon and Stanhope.

Saturday, June 15th: Centennial Garden Party at the Old Clergy House, Minden, sponsored by St. Paul's Anglican Church.

Sunday, June 16th: Centennial Service at St. Paul's Anglican Church 11.00 a.m. with unveiling of a Provincial Historical Plaque at 1.30 p.m.

Tuesday, June 25th: Senior Citizens' Dinner at Hyland Crest Home at 5.30 p.m.

HALL'S LAKE NEWS

by Doreen Stinson

Mr. and Mrs. Ted Fawcett of Toronto spent a part of their honeymoon here at the Lake in the Villeneuve cottage. They had been to Quebec City and had a lovely trip en route to Haliburton where Ted has been coming since a small lad. Congratulations to Sharon and Ted, and Best Wishes!

Corporal Tony Hale and his wife Doreen and their wee son, Mark Anthony, have been moved from the East Coast to Oakville and they have spent recent week-ends with Mr. and Mrs. Harry Cummins.

Mr. and Mrs. Kellerman from Ethiopia are spending several days with Miss Marjorie Johnson.

Mrs. Marj. Watson has been away visiting friends and family in Sarnia, Orangeville, Stratford and other points.

Mr. Albert Hart is visiting in Etobicoke prior to driving to Edmonton to visit his daughter.

This was a beautiful week-end with the odd shower to help the plants and seeds along. One could almost see them growing--especially the Morning Glory seeds.

Mr. Murray Walker wants to know why something isn't being done about the terrible plague of Caterpillar tents on so many of the trees, and why the Department of Natural Resources doesn't do more spraying for the black flies and mosquitoes. Everyone says they are worse this year than any other year! He thinks some of the money spent in sending men to the moon could be spent to make life here more liveable.

It was interesting to note in the recent local paper write-up of the findings of the Grand Jury in Lindsay at its most recent sitting--many of the suggestions were the same as last years and other years as well. We wonder how long it takes to get the improvements looked after and why they pay each Jury year after year to make the same inspections and the same comments?

Schools in the Cities are now out for those not having to try exams so there are lots of young people around the Lake. Tom Montgomery and Patricia Hunter are coming back to work for the Summer months and we trust other young people from the area and those whose families have cottages up here will find employment. Cutting grass and cleaning up and painting should be at least good for part-time work.

Can IDB help you?

TODAY'S HEALTH

Tetanus — it's simple to prevent, hard to cure

by David Woods

Most people know tetanus by its more common — though inaccurate — title of "lockjaw."

The word tetanus comes from the Greek for stretch, and the disease itself causes spasm and rigidity in the muscles — usually those in the neck and back.

What causes tetanus is entry of dirt (carrying tetanus germs) into the tissues; this might occur in an auto accident, or in such mishaps as a lawn-mower injury, or even by stepping on a rusty nail. Tetanus can happen only when the skin is penetrated; you can't get it from having dirt on you — or even by swallowing dirt. The injury doesn't have to be serious: a rose thorn prick is sufficient injury to allow the entrance of tetanus germs.

Fortunately, we have the means to combat tetanus: the weapon is a vaccine which became available in the 1930s. In Ontario, tetanus immunization is readily available to everyone (and is covered by OHIP). The primary series of injections is usually given to infants and young children in a combined vaccine that also immunizes against polio, diphtheria and whooping cough.

Although cases of tetanus are uncommon in Canada, public health officials stress the importance of keeping up your immunity throughout school years and adult life with 'booster' shots every five years.

The reason for this is quite compelling. Among the handful of tetanus cases still encountered in

Ontario each year, 50 percent are fatal.

So even though it's a rare disease, tetanus can be a killer.

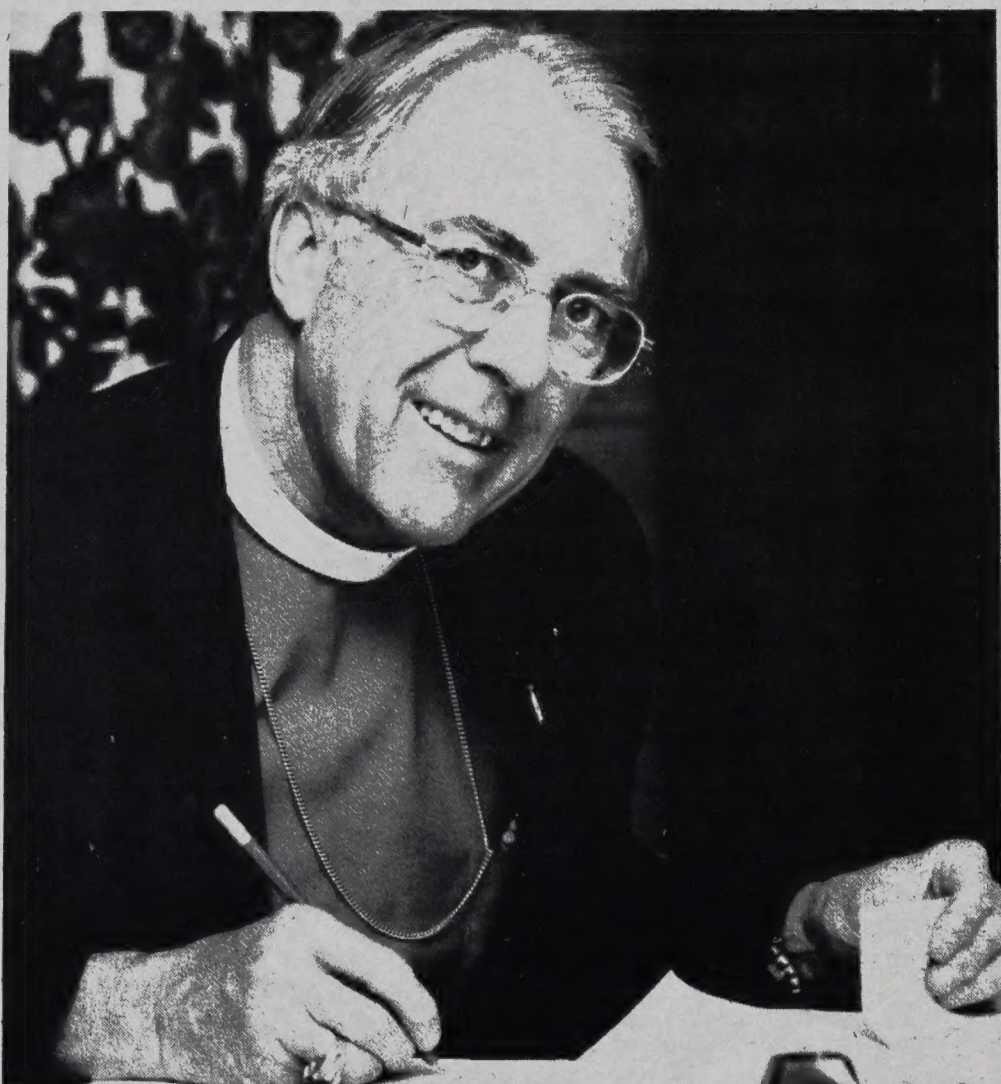

The lesson to be learned from it is to take advantage of the protection that medical science affords us. If you do happen to cut your finger on an old can or put a pitchfork through your foot, and you've kept your tetanus immunization up-to-date, you may require only a booster dose; but for someone without previous immunity, the first dose doesn't give sufficient immediate response to prevent tetanus following the injury. In this situation an injection of tetanus immune globulin is usually given as well as the first tetanus toxoid dose. It is important to follow through with the rest of the tetanus toxoid series so this process doesn't have to be repeated with a subsequent injury.

This raises the whole question of knowing just what immunization you have, or don't have.

Certainly, keeping records represents a sensible investment in your future health — and it doesn't have to be a laborious process: a simple listing, carefully filed away, is all you need. Ask your doctor how often booster doses are required against diseases like tetanus, and then make sure that you (and your children) are taking full advantage of the available protection.

The tetanus organism is in the soil everywhere, so it's quite easily acquired. But it doesn't have to be dangerous. The means to prevent tetanus are readily available.

Primate Visits Minden

ARCHBISHOP EDWARD WALTER SCOTT, WHO LAST JANUARY 25 BECAME THE YOUNGEST BISHOP EVER TO BE ELECTED PRIMATE OF THE ANGLICAN CHURCH OF CANADA, LEADS NEARLY TWO MILLION CANADIAN ANGLICANS. THE ENERGETIC EDMONTON-BORN PRELATE, BEGAN HIS PRIESTLY SERVICE AT A MISSION PARISH IN PRINCE RUPERT, B.C., IN 1942 AND HAS BEEN DESCRIBED BOTH AS A 'REBEL' AND AS A 'MODERN MAN WITH A DEEP AWARENESS OF HIS HERITAGE'. HE HAS ALSO BEEN DESCRIBED SIMPLY AS 'A MAN WHO CARES DEEPLY ABOUT PEOPLE' and who wants to translate 'caring' INTO ACTION. 'IF THE CHURCH REALLY WANTS TO SAY ANYTHING TO THE WORLD IT MUST BE INVOLVED IN WORLDLY PROBLEMS AND NEEDS TO CHANNEL ITS IDEAS INTO DECISION-MAKING STRUCTURES.'

Everyone welcome. 9.00 o'clock every Friday night at ST. PAUL'S ANGLICAN CHURCH. Hope to see you there.

Angel food: It was little Jane's first visit to the country. It was a warm night, the window was open and the insect noises were loud and strange.

"Mummy," whimpered Jane, "it's dark here and everything buzzes and I'm afraid."

"Don't be afraid, Janie," said her mother. "Remember the angels are watching over you. They are all around." There was a pause, and then a loud wail.

"Mummy!" cried Jane, "one of the angels just bit me!"

CRAFTSMANSHIP . QUALITY . ECONOMY

People problems can be serious problems.

This is what Ontario is doing to help solve them in advance.

Recently arrangements were made for a group of Indian children to attend the public school in a northern Ontario town. The principal of the school in the town was aware that Indian children sometimes had a rough time at the hands of other students, and to try to forestall this kind of situation, he called in a Human Rights Commission counsellor to talk to the other children. The counsellor asked the children if any of them had ever moved to a new school, and what they thought it would feel like if they were the strangers. In this way he helped them understand how the Indian children would be feeling when they arrived, and the integration proceeded relatively smoothly.

Community counselling is one of the major roles of your Ontario Human Rights Commission. We hold seminars and discussions with police in areas where there are communication barriers between them and minority groups, to help relieve ten-

sion and promote mutual understanding. We attend meetings of immigrants and native-born minority groups to explain to them both their rights under the legislation and their responsibilities as citizens of this Province.

We also help bring people into contact with local agencies like home-and-school groups, community and government agencies, and churches, which are available to help but which many people don't even know exist. Wherever there's a difficulty based on race, language, colour or creed, the Human Rights Commission is available to generate discussion and motivate people to develop understanding and respect for the other's point of view.

Our job is to help bring people together and encourage healthier relationships among all groups.

If you would like more information or assistance, contact the Human Rights Commission at any of the following addresses:

Finch Runs

A packed Howland Jct. driving shed was the setting early this week for the unanimous nomination of sometimes Progress columnist and district curmudgeon, Fenwick Finch as Special Independent Candidates (SIC) party standard bearer for the newly formed federal riding of Howland Jct.

For the 14 persons and two dogs on hand, the nomination meeting provided a brief interlude between a pre-meeting 'I'm your man' party and a 'Forward with Finch' victory party, sponsored by Mr. Finch in the beverage room of the adjacent Howland Jct. Hotel.

Speaking from the only available platform, a manure spreader, amid jocular cat-calls such as 'she's never bin better loaded Fen', Mr. Finch punctuated the convivial atmosphere of the meeting with brief but stirring remarks.

'To my mind', thundered Mr. Finch, 'them Libs ain't much more'n backslidin' Conservatives, the PC's is Canada's perennial bridesmaid and them NDP's is just a burr under the national saddle'. 'What we need is ME', he continued. 'And if I'm elected you'll see lots of action. For example, I think we should be taking advantage of the villages' feuding...you know, Minden and Haliburton ...and put up a toll gate on Highway 121.'

Mr. Finch suggested the toll gate be located on the Allsaw Flats and said it would not only bring in more money to the government, but would cut down on the speeding. Turning to campaign strategy, Mr. Finch got a mixed reaction when he promised 'to shake the hand of every voter in the riding'. 'Let's think this one out carefully, Fen', cautioned a member of the audience.

Mr. Finch concluded with the announcement that his cam-

paign slogan would be 'We Need Me'.

Awarded degree

JOHN ROUBLE

Mr. John F. Rouble, the Principal of Haliburton Highlands Secondary School was awarded his Master of Education Degree at the annual commencement on June 11th. Mr. Rouble studied at the Ontario Institute for Studies in Education of the University of Toronto and receives his M.Ed. in Educational Administration. This summer Mr. Rouble will join the Faculty of Educational Theory and Administration at the University and teach graduate courses to candidates studying for the Bachelor of Education degree.

MEET from Page 1
ert Beeney in the chair. Miss Pat Davis was present to discuss two proposed severances of her property in Lot 23, Concession 5. Council agreed to allow a severance of land on which there are two existing cottages despite a slight lack of frontage, since the same have been used as two distinct parcels of land for many years. The minutes of the meetings held on April 9 and April 23 1974, were adopted. It was moved that the follow-

FOR FURTHER INFORMATION - (705) 286-2541

Something Special

Dieters take note! No bread is needed for this delicious sandwich contained between two slices of imported Holland Edam cheese.

Edam breadless sandwich

Here is a sandwich with all the high-protein goodness of a meat and cheese filling minus the calorie and carbohydrate count of starchy bread. No need for bread to hold the filling. Slices of imported Holland Edam serve that purpose.

Holland Edam is one cheese highly respected by weight-control groups. Because it is made with partly skimmed milk it has fewer calories and is lower in butterfat than other cheeses made from whole milk — a boon for food lovers watching their weight and counting their calorie intake.

Delicious and satisfying, this no-fuss sandwich packs well for the brown-bag lunch or the any-season picnic. It is perfect too for a nutritious and attractive at-home lunch or supper.

Edam Breadless Sandwich

- 18 thin slices imported Holland Edam (about 3/4 ounce each)
- 6 slices cooked ham, 1 ounce each
- 6 slices cooked turkey, 1 ounce each
- OR
- 6 slices cooked lean roast pork, 1 ounce each prepared hot mustard
- lettuce
- picks
- dill pickles
- radishes

Spread 12 slices imported Holland Edam with a little hot mustard. Top six of the slices, mustard side up, with lettuce, 1 slice ham and a slice of Edam without mustard. Place a slice of turkey or roast pork, more

lettuce and another slice of Edam, mustard side down. Secure with 2 or 4 picks. Place dill pickle slice or radish rose on each pick. Cut each "sandwich" in half or in quarters. Wrap well with plastic wrap and keep wrapped until serving time. Makes 6 club-style sandwiches.

Each double-decker uses three slices of Holland Edam and two slices of lean meat collectively adding up to 4 ounces. This high protein sandwich has approximately 310 calories. Allow another 10 to 15 calories for the dill pickle and radish garnish plus a few carrot sticks. Add a rye wafer worth 25 calories. Fruit for dessert, like an orange or an apple adds 70. So this lunch supplies about 415 calories. Not bad for a tasty, healthful meal that is easy to manage and has staying power.

MEET from Page 9

ing accounts be paid: General - \$2,381.56; Welfare - \$138.70. Council agreed that a building assessment should be added to property Roll No. 14006003800 in the amount of \$135, since the same had been deleted in error. Land Division Committee application No. H-209/73 regarding the Hatch Estate property on Sugar Island was approved unanimously. A motion was passed that a single family dwelling unit would be allowed on part of Lot 16, Concession 14, as in Instrument No. 2152, shown on survey dated 27 Sept., 1973, which said property is being purchased by Mr. and Mrs. Barton. Council moved that Restricted Area By-law No. 13-72 be amended by changing the wording of Subsection 3.6 to read as outlined in Clause 5 of the letter from Totten Sims Hubicki Associates Limited dated May 7, 1974. Council also agreed that the said By-law No. 13-72 should be further amended by inser-

ting the clause headed 'Set-back from Navigable Waterway' as set out in the said letter from Totten Sims Hubicki Associates Limited, as in Paragraph 6. The following items were requested by the roadsuperintendent, and were agreed to by Council:-- (a) length of work day to be 9 hours, for Monday, Tuesday, Wednesday, Thursday and Friday of each week; (b) all hours worked over and above a 48-hour week to be considered overtime and to be paid for at the rate of 'time and a half'. (c) paid statutory holidays to be the same as in 1973; (d) annual holidays to be taken as follows: 1-5 years employment 2 weeks per year; 5-15 years employment 3 weeks per year; 15 years employment and over - 4 weeks per year. (e) sick leave and bereavement leave to be as set out in the County By-law. (f) said amendments to commence on May 16, 1974, and to run to the end of December

1974 only. It was moved that the sum of Five Thousand Dollars (\$5,000.00) be transferred to the Reserve for Working Funds in 1974. Council agreed to purchase a load of oil being 3500 gallons at 17¢ per gallon and twenty tons of calcium at \$58.24 per ton plus \$.96 per 100 pounds freight charges. A motion was passed that By-law 9-74, 11-74 and 12-74 be read a first, second and third time, passed, signed and the Corporate Seal attached. Being By-laws for the purpose of levying and collecting rates for public elementary school, secondary school, county and general municipal purposes. It was agreed that Council fully support the efforts of the Lindsay Development Committee in their attempts to re-establish passenger rail service between Haliburton, Lindsay and Toronto. The meeting was then adjourned, the next regular meeting being on Tuesday, June 11, 1974 at 7.30 p.m.

ABOUT THE TOWN

with Jeanné Sears

We hear that Governor General Jules Léger is very seriously ill, everyone hopes for his recovery. This illness should make no change in the plans for the Federal Election of July 8th.

Warren Heminger, Paul Beatty, Bob Draker, Butch Brown and R.B. Extin of St. Paris, Ohio are enjoying fishing in Canada and a visit with Bert Coulter.

My mother keeps on telling me
When she was in her teens,
She wore quite different clothes from mine
And hadn't heard of jeans.
T-shirts, no hats, and dresses that
Reach far above our knees.
I laughed at first and then I thought
One day my kids will tease
And scoff at what I'm wearing now.
What will their fashion be?
I'd give an awful lot to know
To look ahead and see.
Girls dressed like girls perhaps once more
And boys no longer half
Resembling us. Oh, what's in store
To make our children laugh'.

Elizabeth Jennings.

Mr. and Mrs. Phil Robinson and Bradley enjoyed several days holidays at Niagara Falls, N.Y.

There will be a Garden Party at the Clergy House, Sat. June 15 from 3-5 to celebrate St. Paul's Parish 110th Anniversary with special guest Rt. Hon. Edward Scott, Anglican Primate of Canada.

Is this true 'Prejudice--weighing the facts with your thumb on the scales'. Leo Aikman.

New statement on a box of Brand Baking Soda will read--'Keep a box of baking soda near your stove. Sprinkle handfuls on grease and electrical fires to smother flames. Do not use on deep fat fires'. The fat you spill may catch fire, sometimes a lid will stop a fire, also. At any rate, be very careful.

Mr. and Mrs. Fred Gillespie of Sun City, Arizona are spending the summer at their cottage at Hawk Lake. We are pleased to report that Mrs. Harry Newman is home after a while in hospital.

Something about life jackets, you should try your purchase on and see that it holds your mouth out of the water. If this doesn't happen get another one. The stroke you use when swimming with a life jacket is the back stroke. We heard there was a drowning from a canoe over-turning and no life jackets, being worn. Last week was water safety week, but with all the information around, still there were accidents. Be conscious of water safety rules.

Sincere sympathy to the family and friends of the late Mrs. J. Brydson who died late last week.

Visitors with Mrs. Lorne Dawson included Miss Amy Smith and Francis Smith, her sister and brother from Brantford.

All their friends send good wishes to Holly Stevens at the local hospital and Bob Young Jr. at Toronto General Hospital.

Bradley Robinson was away for the weekend at a class reunion at Kincardine.

Mrs. Harry Welch was visiting relatives and friends at Cobourg. Mrs. Don Cox of Warrenton, Virginia also visited at Cobourg and drove her grandmother home and visited her and other relatives in this village.

Did you wonder why the celery in a restaurant is so crisp. They clean it and then leave it setting in cold water with ice cubes.

Another trick, when making mayonnaise, separate your egg and add the white after the vinegar, your dressing should not curdle.

Next Sunday will be Fathers Day when we honor the man of the house with gifts and special treats. He works to support his family and perhaps you shouldn't forget him for the other 364 days.

There is a new book at your local library, Lark in the Clear Air by Dennis Sears (not Us) and seems based on Buxley Township and by what some people of that township tell me there is some anger about this book. However, on reading it, except for some of the language, it could be typical of the time it was about.

Lots of traffic weekends and many summer people are here for the season, so drive carefully and take care on the water, too.

Cheerio until next week.

SENIOR SOFTBALL

Gull River Bulldall Replaces Stedman Raiders

Mr. Selgmond Weiss, owner of Minden's GULL RIVER BUILDALL has taken over sponsorship of the now defunct Stedman Raiders.

It is with some regret that we say goodbye to Mr. Jerry Pillsworth of Stedman Raiders and we wish to thank him for his sponsorship over the last three years. It is unfortunate that Mr. Pillsworth chose this particular time to drop his sponsorship, just as the Raiders were off to the fastest start in their brief history - three wins without a loss - and a very good chance of grabbing a Championship this year.

The fellows on the new Gull River Bulldall team would like to thank Mr. Weiss for his quick decision to sponsor the team and we hope to bring him that league title. The Builders continued their winning ways this week with two wins and their first loss of the season to remain in first place. The Builders started off the week with a home field victory over last years play-off and league champions Haliburton Huskies to the tune of 4-3.

Gull River ran into its only trouble in this game in the second inning, when an attempted put out at first on a called third strike got past first baseman Bob Austin and allowed the Huskies to take a 2-0 lead.

Wayne Johnson got one back in the bottom of the second, with a bases empty homer, his first of the year. Neil Burk lined a triple off the right field fence scoring two runs and giving the Builders a 3-2 lead. Neil scored later in the inning on a single by Al McMullen. Huskies scored their final run in the ninth on a single by Lewis O'Hara, a stolen base and a double by Jamie Carroll.

Tommy Lee picked up his second victory of the year for Gull River while Huskies Mark Schell took the loss, evening his record at 2-2.

Dominion Hotel came up with two runs in the bottom of the ninth inning to cap a fine comeback in handing Gull River its first loss of the season 7-6.

The Builders jumped into a 3-0 lead in the first inning on three straight singles by Cliff Burke, Neil Burk and Bob Austin and a double by Wayne Johnson. Jack Snell brought Dominion to within two with a two-run homer in the fourth, however, Gull River scored once in the fifth and twice in the seventh on Neil Burk's two-run homer to go up 6-2. This was when things fell apart for the Builders. In the bottom of the seventh, Dominion sent eight men to the plate and scored three times on five hits and two errors, bringing the score to 6-5. Dominion won the game in the ninth on four hits, an intentional walk and an error. Jack Snell ran his record to three wins and a tie for Dominion and Rick Hartwick evened his record at one win and one loss with this defeat.

In other games this past week, Gull River downed Gooderham 12-1, Dominion Hotel trounced Vasey's Midgets 23-3 and West Gullford beat the Midgets 10-0.

In the Gull River game in Gooderham, Brad Hamilton gave winning pitcher Tommy Lee (3-0) all the runs he needed in the first inning with a three-run homer, his first of the year. Vince Billings suffered the loss.

Dominion got two-run homers from Dave Dollo and Dave Trepanier, their second of the season, to give Royce Miller all he needed in downing the Midgets. Tim Bain (1-2) took the loss for Vasey's.

The West Gullford Redmen made it 21 scoreless innings in a row Sunday evening in West Gullford when they blanked the Haliburton Midgets 10-0. The Redmen had previously blanked the Haliburton Huskies 6-0 in Haliburton Tuesday evening.

Once again the Redmen won with the long ball. On Tuesday Craig Stamp hit his fourth homer of the year, a grand slam, and George Nichols hit a two-run shot to account for all the scoring. Against the Midgets, George Nichols hit a solo in the first inning, Floyd Henry hit a solo, his second of the year, in the second, Darrell Stamp got his first, a three run blast in the fifth and Craig Stamp with his fifth of the year, a three-run shot in the eighth. Craig Stamp was the winning pitcher in Haliburton, while Mark Schell took the loss for the Huskies. In West Gullford against the Midgets, Wade Stamp picked up the shutout, while Barry Shaw took the loss.

With almost one third (17) of the schedule completed, there have been eight games won by the home team and eight games won on enemy territory, while the other game was tied.

The leading league average is held by Dominion's Murray McGuiness with a splendid 687 including two home runs. The league leading pitcher is Tommy Lee of Gull River's Bulldall team with a 3-0 mark and a 1.73 earned run average. Tom is followed in second place by Craig Stamp of West Gullford with a 2-1 record and a 3.27 ERA. Third is Jack Snell of Dominion Hotel with a 3-0-1 record and a 3.40 ERA.

The leading home run hitters are Craig Stamp, West Gullford 5, and George Nichols, West Gullford 3. There are five players tied with two homers each, Floyd Henry of West Gullford, Dave Dollo, Murray McGuiness, Dave Trepanier and Jack Snell of Dominion Hotel.
